

Silverline self-locking roller / Electric
 The reflecta large projection screen to be fixed permanently to a wall or ceiling is mounted to an aluminum profile case and is operated either manually or motor-driven. The projection screen is extended and retracted with a space-saving and silent tube motor with integrated end position switch. With the switch, the screen can be stopped at any desired position. Optionally, the screen can be equipped with a locking mechanism to stop the screen at intermediate heights to adjust to different projection formats. Ideal for the training and communications sector.
